As my term and time as Chair ends on the Undergraduate Council, there are three areas I encourage the Council to address AY 2018-2019:

- 1) Establish a standing meeting time for the duration of the year.
- 2) Prioritize student membership on the Council. Arrange as soon as possible for ASUO to assign students to the Council.
- 3) This year we had numerous scheduling conflicts that resulted in uneven attendance. The standing meeting time and incoming new members will support attendance.
