

Kathy Stroud, UO Libraries

University Senate seat

I would be proud to serve as one of two elected representatives that provide a Library Faculty voice to the shared governance body of the UO Faculty Senate. In my over 10 years at the University of Oregon, I have seen a lot of change. The pace has only accelerated due to events in the past 3 years. It is important that library faculty remain involved as we, and the UO community as a whole, strive to continue providing excellent support for learning, teaching, research, scholarship, and preservation of knowledge in a welcoming and inclusive setting.
