

Liane Davis, Division of Undergraduate Education and Student Success

OA Council seat

I am currently working in Academic Advising, but I have worked in many departments around campus, including the Veterans Center, the Office of Student Advocacy, Housing, and the School of Law. I want to be more involved campus-wide and believe in serving my community. The UO is my community and it's my time to step in to do my part. I am also interested in learning more about how the Senate and the UO Council work, and will gladly fill whatever role you most need me to fill.
