

Michelle Brown, Information Services

OA Council seat

My name is Michelle Brown. I have worked at the UO for 28 years, as a student employee, a classified staff member and as an OA. I'm currently with Information Services, but previously worked in the Division of Student Life. I'd love the opportunity to work with my colleagues across the UO more broadly.

I've been given so many opportunities here at UO, to learn, to grow and to advance my career. I'm a huge advocate for the benefits of mentorship and peer coaching and would love to work with our OA colleagues on issues such as these. I've also been the recipient of one of the OA star awards in the past and would love the opportunity to pay it forward and work on engagement and recognition of other OAs on campus.

Thanks for considering me for OA council.
