

Youchang Wu, Lundquist College of Business

Faculty Personnel Committee seat

I joined the University of Oregon as an untenured associate professor in 2015. I have taught at the undergraduate, master and PhD levels, and have served in the Lundquist College of Business Undergraduate Program Committee, University of Oregon Summer Finance Conference Committee, and University of Oregon International Student Climate Task Force. Since 2019, I have been the Finance PhD Program Coordinator.

I am committed to the principles and values of shared governance, and I firmly believe in the importance of a fair, transparent, and consistent faculty tenure and promotion process for the university and for every faculty member. If elected, I will strive to work collaboratively with other committee members to ensure that such a process is strictly followed. I also value the opportunity to work with colleagues from different areas across campus and benefit from their perspectives. It would be an honor for me to serve on the Faculty Personnel Committee.
