

## Mindy Schindler, Candidate Statement

Presently, I serve as a Career Faculty Instructor of Business Management at the Lundquist College of Business, having previously held the position of Pro Tem Instructor. My tenure at the institution dates back to 2021, during which I have overseen the instruction of some of the largest enrollment courses offered by the college. These courses encompass a comprehensive study of business fundamentals, with a particular emphasis on analytics, entrepreneurship, management, and marketing.

Prior to my current role, I held various positions at a Community College, including faculty advisor, department chair, co-curricular advisor, and instructor. Additionally, I actively contributed to numerous committees covering diverse areas such as academic curriculum, athletics, hiring, finance, operations, student experience, and technology. Within the faculty association, I played a pivotal role in ensuring fair faculty tenure and promotion processes while also managing associated finances.

My professional background extends across athletics, management, and marketing, highlighted by my experience as both an NCAA softball coach and a former student athlete. I am deeply committed to fostering a culture of fairness, transparency, and consistency within the university's tenure and promotion procedures, advocating for adherence to rigorous standards if entrusted with the responsibility. Furthermore, I recognize the value of collaboration with colleagues from various disciplines, believing in the enrichment that diverse perspectives bring to our collective endeavors.
