

Ellen Herman, History

I have been on the UO faculty for more than 20 years and care a great deal about my colleagues. I have also had considerable administrative experience with policies and practices related to faculty personnel, from hiring to promotion and tenure to post-tenure review. I have been a Department Head, chaired the Faculty Personnel Committee, and served as Vice Provost for Academic Affairs. PTRAC membership requires prior FPC service, which I certainly have. I also coordinated the work of the FPC for the Office of the Provost, so I have a clear understanding of what is involved in P&T appeals.
