

Jason Wade, UO Police Department

I have been with the University of Oregon since 2014. I currently work at the University of Oregon as the Administrative Captain for the police department. In my role as Administrative Captain I manage the records, property and evidence, Clery, training, cadet academy, police accreditation, and internal affairs for your campus police department.

With some of the concerns that have been raised by members of the community concerning policing, I want to be able to use my 26 years of experience as a law enforcement officer for the betterment of our campus community. My focus as a police officer and campus employee is to work together to keep all of our campus community safe, while working towards providing excellent educational and research opportunities for our campus partners.

I believe that we need to work together as a community to continue our way forward that appreciates everyone and leaves no one behind. I feel that in these elections the representatives selected will provide guidance to our campus leaders and a voice for all those who represent the mind, body, and soul of the University of Oregon.

Thank you for your time and GO DUCKS!!!
