

Jana Prikryl, Biology

University Senate seat

Thank you for considering my nomination for the University Senate. If elected, my main focus will be to advocate for undergraduate students and the educators and advisors who serve them. Every student deserves access to a high-quality education that prepares them for success. For this vision to become a reality, we need to address the needs and concerns of the student-facing members of the university community. I will work to promote policies and initiatives that prioritize an equitable and inclusive work environment where members are valued and empowered to create meaningful educational experiences for our students without sacrificing a healthy and productive work-life balance.
